Online Textbook Purchasing

WVWC offers an online Blackboard Bookstore option as a convenience for all WVWC students. To order text books, log in to Blackboard at <http://blackboard.wvwc.edu> and click on the Blackboard Store on the top menu bar. This is where you may find and purchase all course materials required and recommended by your West Virginia Wesleyan faculty. Please refer to the enclosed "How-To Guide to Buying Textbooks" for more detailed instructions.

Students, who have a credit on their account, may use that credit to purchase books through the first week of classes with the Blackboard Store. Those students with a credit balance will be assigned a voucher number and receive an email with the notification from Blackboard of the voucher number to their campus email address. If the student chooses not to use the voucher, the student may request a refund of the credit balance by coming to the Office of Student Accounts and filling out a refund request form, or by emailing the request to loughney_s@wvwc.edu with their student identification number and mailing address. For further assistance, you may phone the Office of Student Accounts at 1-800-704-4078.
